# ACHIEVEMENTS

## Mission

To help developmentally disabled children of all ages and their families meet the challenges that they face on a daily basis so that the children might meet their fullest potential.

Achievements, PLLC  
623 New Loudon Road  
(Route 9)  
Latham, NY 12110

(518) 782-1178

We are 1/4 mile south of Route 155, 1 mile north of Siena College, as well as diagonally across the street from Hoffman's Playland.

# ACHIEVEMENTS

We are a multi-disciplinary agency that believes in the team approach when assisting a child with Special Needs.

## Who is Achievements?

We are an agency staffed with dedicated professionals. This brochure is a way of introducing Achievements to our neighbors, friends, families, and peers. It contains a brief overview of our the services we have available to children 0-18. Services can occur through Early Intervention, CPSE, CSE, Insurance, & Private Pay.

## Where do services occur?

Our services can occur individually in the home, within daycares, within preschools, on site, and/or in group settings within our communities.

## Evaluations

### Early Intervention Evals:

- CORE Evals
- Supplemental Evals

### Pre-School (CPSE) Evals:

- Transition Evals
- Initial Evals
- Supplemental Evals

## Speech & Language

There are a wide range of services that fall under the discipline of Speech & Language Pathology. Screenings, Evaluations, Dysphagia, Oral Motor, Speech, Language, Augmentative and Assistive Technology, etc. all fall under the realm of Speech Pathology.

## Occupational Therapy Physical Therapy

Traditional motor therapies are offered at Achievements. Our motor therapists conduct Screenings, Evaluations, and individual/group therapy sessions. The therapists at Achievements are trained in Sensory Integration Techniques and have received Neurodevelopmental training.

## Special Education

Our Special Education Dept. provides services for children 0-18 years of age. Our teachers address needs within the areas of cognition, behavior, personal/social and self help, Evaluations, and Functional Behavior Assessments.

## Psychology

Our Psychologists conduct Screenings, Pediatric Psychoeducational Evaluations, and lead Play Therapy sessions.

## Toddler Groups

We have available 2 hour Enhanced Toddler Groups.

These Groups provide

Children with Special

Needs an opportunity to be in a therapeutic play environment.

## Integrated Pre-School Classrooms

Both our 2.5 hour classes and our 5.0 hour classes allow for age level peers to

interact with Special

Needs Children within a

classroom setting. These

classrooms allow a high

teacher to child ratio

where the Pre-School

curriculum is conducive to learning.
